

Certification as iTYPE personality consultant

A digital course for the experienced and quick thinkers

As a perception-based and objective personality test, the iTYPE convinces HR experts, trainers and coaches by supporting the identification of hidden talents, strengths and potential in a targeted manner. With our comprehensive and profound certification, we make experts fit for the use of a powerful tool that can enrich and support your organization in a wide variety of areas (communication, personality development, leadership, mental health and much more). In addition, the test procedure guarantees high quality due to its research-basis as well as the continuous further development, which guarantees high quality standards and longevity. As part of a modern learning format, we offer you in-depth insights into working with various strength profilers, to use as required. On this basis, we enable you to advance your work with the complex object human in a goal-oriented, individualized and efficient manner.
